## HOME SHARING

*An alternative, long-term living arrangement.*

[www.mraaa.life](http://www.mraaa.life)

## Home Sharing

is an alternative, long-term living arrangement where 2 or 3 individuals choose to live together for their mutual benefit.

## **m** Mature Resources Foundation

Area Agency on Aging now provides a viable option for individuals wishing to age in place in their communities....

## Individuals benefit

from security, companionship, independence, help in emergencies, cost savings and living sustainability.

## In addition,

episodes of loneliness, helplessness, social isolation and symptoms of depression can potentially be alleviated in a home sharing environment.

## Each home

is unique, is found in an actual neighborhood and is designed to blend into the fabric of the community. Adding your own personal touch to the decor will make this home truly your own!

## Each person

has their own private bedroom. Shared common areas include kitchen, living room and outdoor spaces.

## Individuals

help each other with household tasks, providing a sense of camaraderie, while lessening the burden on everyone.
